

ASSEMBLY BILL

No. 2236

Introduced by Assembly Member Ruskin

February 22, 2006

An act to amend Sections 81305, 81460, and 81608.5 of the Water Code, relating to water.

LEGISLATIVE COUNSEL'S DIGEST

AB 2236, as introduced, Ruskin. Los Trancos County Water District.

(1) Existing law, the Bay Area Water Supply and Conservation Agency Act, governs the formation and operation of the Bay Area Water Supply and Conservation Agency. That act authorizes the agency to acquire water and water rights, develop, store, transport, and deliver water, and acquire, construct, operate, and maintain facilities on behalf of San Francisco's regional water system. That act requires each member public entity, which includes Los Trancos County Water District, to appoint one member to the board of the agency. That act authorizes the agency to impose assessments on each member public entity and certain private entities to pay the operating expenses of the agency in an amount that reflects prescribed water delivery amounts received from San Francisco.

This bill would delete Los Trancos County Water Agency from the list of member public entities for the purposes of that act. The bill would delete a reference to those water delivery amounts received by Los Trancos County Water Agency and revise those amounts specified for the California Water Service Company.

(2) Existing law, the San Francisco Bay Area Regional Water System Financing Authority Act, establishes the San Francisco Bay Area Regional Water System Financing Authority and grants certain

powers and duties to the authority, including the authority to issue revenue bonds to improve the reliability of San Francisco's regional water system. That act defines the members of the authority to include Los Trancos County Water District.

This bill would delete Los Trancos County Water Agency from the list of members of the authority.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 81305 of the Water Code is amended to
2 read:

3 81305. "Eligible public entities" means the—26 25 public
